

Tips to viewing the 80th Anniversary Slideshow:

At the bottom of the slideshow screen are the following 5 white icons:

1. **Play** (right-pointing arrowhead) or **Pause** (double vertical lines)
 - Click on the arrowhead to **play** the video/slideshow
 - Click on the double vertical lines to **pause** the video/slideshow (do this anytime you need a bit longer time to read the text on the slide...this will cause the music to also stop/pause). Click on the arrowhead to begin the slideshow again
2. Volume (5 varied-size vertical lines)
 - Clicking on this will cause a slide-bar to appear to use to adjust the music volume. Slide to the right to increase the volume; slide to the left to decrease the volume
3. Timer (indicates video/slideshow progress)
4. Settings for Speed and Quality (2 horizontal lines with dots)
 - You will probably not need to use these
5. Enlarge to full-screen
 - Click on this to enlarge slideshow to view in full-screen
 - Press the ESC key on your keyboard to exit from full-screen view
