Hemizygia 'Candy Kisses' Ht: 12"; part sun; green and creamy-white variegated leaves are tinged with pink along outer edge; late season feathery lavender colored spires

Hibiscus acetosella 'Mahogany Splendor'* Ht: 3-5 ft.; Width: 2-3 ft.; full to part sun; similar in look to a Japanese maple; deep burgundy deeply cut leaves; can grow as a pond plant

Hypoestes: Ht: 12-18" Width: 12"-18"; part sun; leaves are spotted; upright form; stands out among other foliage

Hypoestes 'Pink Splash'

Hypoestes 'Red Splash'

Hypoestes 'Splash Mix'

Hypoestes 'White Splash'

Impatiens 'Beacon'* Ht: 14-18"; Width: 12-14"; part sun to shade; very large ever blooming flowers with bright green leaves; high resistance to impatiens downy mildew

Impatiens 'Beacon Bright Red' red flowers

Impatiens 'Beacon Coral' coral flowers

Impatiens 'Beacon Orange' orange flowers

Impatiens 'Beacon Pearl Island Mix' coral, white and blue pearl (pink-purple) flowers

Impatiens 'Beacon Rose' bright red-pink flowers

Impatiens 'Beacon Select Mix' bright red, coral, orange, salmon, violet and white flowers

Impatiens 'Beacon Violet Shades' bright violet flowers

Impatiens 'Beacon White' white flowers

Impatiens 'SunPatiens Compact' Ht: 16-26"; Width: 14-20"; full sun to almost full shade; very bright flowers; continuous bloom

Impatiens 'Sunpatiens Compact Electric Orange' very vivid orange flowers

Impatiens 'Sunpatiens Compact Hot Pink' bright pink flowers

Impatiens 'Sunpatiens Compact Lavender Splash' lavender and rose-pink flowers

Impatiens 'Sunpatiens Compact Purple' magenta flowers

Impatiens 'Sunpatiens Compact Red' vivid red and orange flowers

Impatiens 'Sunpatiens Compact Red Candy' red and magenta flowers

Impatiens 'Sunpatiens Compact Tropical Rose' very vivid pink flowers with green and yellow variegated leaves

Impatiens 'SunPatiens Vigorous' Ht: 24-36"; Width: 20-24"; sun to part sun; gold and green glossy foliage; large blossoms provide color all season; large plants thrive in the sun to shade. A great landscape variety or for bigger containers.

Impatiens 'Sunpatiens Vigorous Orchid' lavender-pink flowers

Impatiens 'Sunpatiens Vigorous Pink Kiss' shades of medium pink flowers

Impatiens 'Sunpatiens Vigorous Rose Pink' very vivid pink flowers

Impatiens 'Sunpatiens Vigorous Sweetheart White' white with tiny red center flowers

Impatiens 'Sunpatiens Vigorous Tropical Orange' medium orange flowers

Impatiens 'Sunpatiens Vigorous Tropical Salmon' medium salmon flowers

Impatiens 'Sunpatiens Vigorous Tropical White' pure white flowers

Ivy 'Marengo' Algerian Ivy Ht: 3-5"; Width: trailing; sun to shade; very large leathery leaves with soft cream-colored margins and two-toned green centers on strong reddish stems

Jewel of Opar *Talinum paniculatum** Ht: 2-3 ft; Width: 3 ft.; sun to part shade; elegant panicles of pink flowers, tolerates dry conditions, very good in dried flower arrangements

Lantana 'Bandolero Cherry Sunrise' Ht: 22"; Width: 24"; full sun; dark green foliage with flower clusters of bright orange centers and hot pink outers; good in containers; blooms all summer

Lantana 'Bright Pink' Ht: 24-36"; Width: 20-30"; full sun; heat and drought resistant; produces a beautiful display of flower clusters that are pink with white centers; good in a pot or in the middle area of the garden; blooms all summer; attracts hummingbirds

Salvia hybrida 'Wendy's Wish' Ht: 30-40"; sun; fuchsia-colored flowers with fluted tips and long white stamens; tall sturdy stems

Salvia 'Rockin Deep Purple' Ht: 24-36" Width: 24-36"; full sun to part sun; long bloom period; mounded form; deep purple almost black flowers on strong spikes

Salvia splendens 'Saucy Red' Ht: 2-3 ft.; Width: 18-24"; full to part sun; lush scarlet red flower spikes, dark green foliage, blooms continuously all summer, no need to dead head, loved by pollinators, deer do not eat

Salvia 'Summer Jewel Pink' AAS Winner 2012 Ht: 15-20" Width: 10-15"; full sun; very abundant small soft pink blooms; slender but sturdy stems among fuzzy mid-green foliage

Salvia 'Victoria Blue'* Ht: 12-24" Width: 12-18"; full sun to part shade; silvery green foliage; compact well branched form; purple blue flowers on spikes that sit above the foliage; blooms all summer; very deer resistant; attracts bees and butterflies

Santolina 'Lemon Fizz' Ht: 18"; sun; fragrant spicy scented; bright feathery foliage is chartreuse in shade and more yellow in sun

Scaevola 'Bombay' Ht: 6-10"; Width: 20-30"; full sun; trailing habit, good for baskets and containers, thrives in extreme heat, drought resistant, attracts pollinators, deer resistant

Scaevola 'Bombay Dark Blue' clusters of very deep almost true-blue single flowers

Scaevola 'Bombay Pink' clusters of medium pink single flowers

Scaevola 'Bombay White' clusters of large white single flowers

Senecio 'Angel Wings' Ht: 10-16"; Width: 10-16"; full to part sun; rounded plant with large broad toothy silvery white leaves, use as a backdrop for flowering plants, drought resistant, good for garden and container

Shrimp Plant 'Brandegeana Red' Ht: 36-48" Width: 36-40"; full to partial sun; blooms mid to late summer; loose form; shrimp/salmon colored flower bracts

Snapdragon 'Chantilly Purple' Ht: 12-48"; Width: 14"; Full sun; vibrant deep rosy purple butterfly type flowers, long flower spikes, wonderful cut flower that is longer lasting than other snapdragons, flowers are edible although bitter, very showy in a mass planting, attracts pollinators

Snapdragon 'Liberty' Ht: 18-22" Width: 14-22"; full sun to part sun; blooms all summer; upright form; tall flower spikes; attracts bees and butterflies; good cut flower

Snapdragon 'Liberty Classic Mix' bronze, cherry, crimson, lavender, light pink, rose pink, scarlet, white, and yellow

Snapdragon 'Liberty Classic Crimson'

Snapdragon 'Liberty Classic Rose Pink'

Snapdragon 'Liberty Classic White'

Snapdragon 'Liberty Classic Yellow'

Snapdragon 'Snapshot' Ht: 6-10" Width: 10-12"; full sun to part sun; bushy low growing mounded upright plants; full flower spikes; strong performance; fragrant; attracts bees and butterflies; blooms spring and again in late summer

Snapdragon 'Snapshot Mix' red, orange, pink, yellow and white flowers

Snapdragon 'Snapshot Pink'

Snapdragon 'Snapshot Purple'

Snapdragon 'Snapshot White'

Snapdragon 'Snapshot Yellow'

Snapdragon 'Twinny Peach'* Ht: 7-12" Width: 8-10"; sun to part sun; compact form; double butterfly shaped flowers; peach, yellow and light orange; abundant flower spikes to 12"; very good cut flower; blooms early spring to fall

Soleirolia soleirolia 'Dwarf Baby Tears' Ht: 1-2"; Width: creeps; part shade to shade; ground cover of tiny dark green leaves; good in a wetter woodland setting

Strobilanthes 'Persian Shield' Ht: 18-38"; Width: 18-24"; full sun to part shade; upright foliage plant with purple leaves with dark green veining; can be used in containers or in the ground

Tithonia, Mexican Sunflower; Ht: 5-6 ft.; Width: 2-3 ft.' full sun; a fast growing well branched plant that develops in a strong central stock, bright green slightly fuzzy leaves, 3-3.5" orange flowers that bloom in late summer into fall; make a wonderful backdrop to a garden

Tradescantia 'Nanouk' Ht.: 12-15"; Width: 12-15" will trail; Partial sun; Leaves are green with white on the top and purple on the underside, tiny flowers emerge from purple buds, fairly compact growth, can be used as a houseplant

Tradescantia zebrina (Zebrina pendula) Ht: 3-5"; Width: trails and creeps; Indirect sunlight; leaves are silvery green with deep purple on the top and purple on the underside; very easy to grow, good in a pot or widow box, can be used as a houseplant

Verbena 'Blues Light Pink Eye' Ht: 10-12"; Width: 14"; full sun; semi double light pink flowers with white centers; upright habit; excellent branching; good in containers or in the garden; attracts pollinators

Verbena bonariensis * Ht: 24-48" Width: 30-36"; full sun preferred; blooms all summer; loose flowing form; rose/violet clusters of small flowers; great planted among tall zinnias; makes a great tall cut flower; hummingbirds love this flower

Verbena 'Lanai' Ht: 6-10"; Width: 20-24"; full sun; semi-trailing habit; excellent branching; very good in containers; thrives in heat; blooms all season; attracts pollinators

Verbena 'Lanai Bright Eye' bright pink fades to medium pink outer with dark center

Verbena 'Lanai Green Apple' * lime green blooms

Verbena 'Lanai Twister Hot Lips' bright pink flowers with white centers with a center ring of red petals

Verbena 'Lanai White' pure white flowers

Verbena 'Lascar' Ht: 12-14"; Width: 12-16"; full sun; early flowering mounding and trailing habit; good in containers; attracts pollinators

Verbena 'Lascar Mango Orange' deep salmon/orange fading to medium salmon with dark center

Verbena 'Lascar Vampire' true dark red center fading to a deep red at edge

Verbena rigida 'Dazzling Nights' * Ht: 14-18"; sun; rounded clusters of rich purple blooms on well branched stems; long blooming; attracts bees and butterflies

Verbena 'Trailing Purple Homestead' Ht: 12"; Width: 24-48"; full to part sun; makes a mat of dark green foliage with clusters of dark purple flowers; blooms all summer; attracts hummingbirds

Veronica Hebe 'Sidekick Spock' Ht: 5-7"; Width: 5-6"; full to partial sun; small rounded form of evergreen like leaves; good in garden or in a container or in rock gardens; drought tolerant

Zinnia 'Benary's Giant' Ht: 40-50"; Width: 12-16"; full sun; a very tall zinnia with a strong stem, 4-6" flowers, excellent cut flower, pollinator friendly

Zinnia 'Benary's Giant Bright Pink' dahlia formed flowers in a bright medium pink

Zinnia 'Benary's Giant Lime' dahlia formed flowers in a bright lime green

Zinnia 'Benary's Giant Purple' dahlia formed flowers in a magenta/purple color

Zinnia 'Cactus Flower' Ht: 24-30"; Width: 10-12"; full sun; large shaggy 3-6" blooms give this zinnia a distinctive look, pinching back encourages branching and rebooking

Zinnia 'Cactus Flower Mix' light pink, dark pink, red, orange, gold and yellow flowers

Zinnia 'Cactus Flower Lilac Emperor' bright magenta/violet flowers

Zinnia 'Cupcakes Pink' Ht: 24-30"; Width: 12-15"; full sun; feathery blooms in shades of pink and blush that have a rounded pom-pom on top and straight petals below, so the flower resembles a cupcake

Zinnia 'Cut and Come Again' Ht: 18-30" Width: 18-20"; full sun; blooms summer into fall; upright form; plenty of 2" blooms in a rainbow of colors; good cut flower that quickly reblooms

Zinnia 'Dreamland Mix' Ht: 9-12" Width: 8-10"; full sun; early blooming; upright form; 3-4" blooms in red, orange, yellow, white, and vivid; blooms have a flat form; good cut flower that quickly reblooms

Zinnia 'Elegans Dahlia Luminosa' Ht: 30-40" Width: 8-10"; full sun; pink dahlia-like 4-5"; fast growing and long blooming

Zinnia 'Lilliput Mix' Ht: 16-18"; Width: 12"; full sun; attractive pom-pom zinnias in orange, purple, rose and white, bushy plant and lots of flowers

Zinnia 'Profusion Double Deep Salmon' Ht: 14-18" Width: 14-16"; full sun; compact form; 2" daisy-like double blooms; highly tolerant to Powdery Mildew; hold up well to heat, humidity and drought; unique salmon color; attracts bees and butterflies

Zinnia 'Profusion White' Ht: 10-12" Width: 12-15"; full sun; blooms all summer into fall; upright prolific blooming plants; excellent tolerance to disease including Powdery Mildew and Bacterial Leaf Spot; attracts bees and butterflies

Zinnia 'Profusion Yellow' Ht: 10-12" Width: 12-15"; full sun; blooms all summer into fall; upright prolific blooming plants; excellent tolerance to disease including Powdery Mildew and Bacterial Leaf Spot; attracts bees and butterflies

Zinnia 'Queeny Lime Orange' Ht: 20-24"; Width: 9-12"; full sun; semidouble 2-3.5" blooms, apricot with a tinge of lime, strong stems, excellent cut flower

Zinnia 'Queeny Lime Red' Ht: 30-40"; Width: 9-12"; full sun; fully double and semidouble 2-3.5" blooms, blooms have soft burgundy outer and lighten to a creamy lime, strong stems, excellent cut flower

Zinnia 'Queeny Lime with Blush' Ht: 30-40"; Width: 9-12"; full sun; double and semidouble 2-3.5" blooms, if you cut them, they will rebloom, lime colored flower with a bright red center

Zinnia 'State Fair Mix'* Ht: 36-48" Width: 12-14"; full sun; blooms summer into fall; upright form; very large flowers in bright scarlet, gold, lavender, purple, orange, pink, red, and yellow; good cut flower; good for tall background borders; high resistance to powdery mildew; pollinator friendly

Zinnia 'Zahara Double Yellow' Ht: 18-20"; Width: 9-12"; full sun; fully double bright yellow 2.5" flower, very resistant to mildew and leaf spot, prolific bloomer

Zinnia 'Zahara XL Pink' Ht: 18-20"; Width: 9-12"; full sun; fully double 2.5" bright pink flower, very resistant to mildew and leaf spot, prolific bloomer

Zinnia 'Zesty Mix' Ht: 18-24" Width: 18-24"; full sun; blooms summer into fall; extraordinary garden appeal; huge vibrant-colored blooms; good in containers mixed combinations and borders. **Pollinators love these plants!**

Zinnia 'Zesty Pink' Ht: 18-24" Width: 18-24"; full sun; blooms summer into fall; extraordinary garden appeal; huge vibrant-colored blooms; good in containers mixed combinations and borders. **Pollinators love these plants!**

Annual Vines

Cardinal Climber Ht: up to 6 ft.; Width: 2 ft.; full sun to part shade; deeply cut foliage with bright red flowers

Cissus discolor Rex Begonia Vine/ Tapestry Vine; Ht: 4-5 ft; Width: spreads to 2ft.; part shade; dark green leaves with white sections on top with a red underside hanging off a red stem; plant has tendrils and will climb; good for mixed containers or trellis

Hyacinth Bean Ht: up to 6 ft.; Width: 2 ft.; full sun; lots of purple flowers in green leaves with red stems, needs strong support, good grown on a fence or trellis

Mandevilla vine Ht: 12"; Width: Vine form will get 36" long; partial to full sun; tropical vine with large up to 4" five petal flowers over glossy green foliage, great in containers and window boxes

Mandevilla vine, Dipladenia 'Madinia Maximo Red' very deep red

Mandevilla vine, Dipladenia 'Madinia White' white flower with yellow center

Mandevilla vine 'Sun Parasol Original Pink' very deep pink

Manettia 'Candy Corn' (Candy Corn Vine) Ht: up to 15ft.; Width: variable; sun to part sun; a vine that needs trellis support; red orange tubular flowers with yellow tips making it look like candy corn

Moon Flower Ht: up to 15 ft.; Width: 2-3 ft.; full sun; large green heart shaped leaves, fragrant white flowers that open at night, needs strong support

Morning Glory Ht: up to 15 ft.; Width: 2 ft.; full sun, a fast-growing vine with large green heart shaped leaves and lots of flowers, needs support, grows well in fences or a trellis

Morning Glory 'Carnival of Venice' colors range from almost white to blue and white stripe and red and white stripe

Morning Glory 'Grandpa Ott' deep purple 2-3" flower with red banding and a white center

Morning Glory 'Heavenly Blue' an almost pure blue color with a white center

Morning Glory 'Pearly Gates' a true pure white

Morning Glory 'Scarlet O'Hara' deep red/purple flower

Morning Glory 'Sunrise Serenade' a rugged double cherry pink with white center bloom

Muehlenbeckia 'Wire Vine' Ht: 5-8"; Width: creeps, spreads and trails; part sun to part shade; small deep green leaves and fine stems form a mat of vegetation that creeps and trails; good in containers

Scarlet Runner Bean Ht: 6-8 ft.; Width: 2-3 ft.; full sun; heart shaped leaves and lots of orange flowers that form a seed pod, needs support of a trellis

Senecio confusus Mexican Flame Vine Ht: will grow to 6ft.; Width: up to 4 ft.; full sun; fleshy arrowhead shaped leaves with large clusters of brilliant orange flowers with gold centers; flowers eventually form puff like seed pods; needs space

Spanish Flag *Ipomoea lobata* (Mina lobata)* Ht: up to 15 ft.; Width: 2-3 ft.; full sun; member of the morning glory family produces masses of 1.5" tubular flowers that mature from yellow, to orange to deep rusty red, very showy, needs support

Sweet Potato Vine, *Ipomoea 'Kelly Ray'* Ht: 6-10"; Width: 12-14" and vines to 3 ft.; part sun and part shade; heart shaped leaves that are marbled green and deep red; great for containers, window boxes and even ground cover

Sweet Potato Vine, *Ipomoea 'Solar Tower Black'* Ht: 48-84"; Width: 36-48"; full sun; will self-climb on a wall; climbs on a trellis or trails; very very deep red/purple almost black

Sweet Potato Vine, *Ipomoea 'Solar Tower Lime'* Ht: 48-84"; Width: 36-48"; sun; self-climbing on a wall, climbs on a trellis or trails; bright lime green

Sweet Potato Vine, *Ipomoea 'Blackie'* Ht: 9-12" Width: 24-36"; full sun; strongly lobed deep purple almost black leaves; will trail 24" or more

Sweet Potato Vine, *Ipomoea 'Bright Ideas Black'* Ht: 12-14"; Width: 14-24"; full to part sun; trailing form; deeply lobed leaves that are deep red to almost black; good for hanging baskets or on a trellis

Sweet Potato Vine, *Ipomoea 'Margarita'* Ht: 4-10" With: 48-60"; full sun to part sun; vigorous trailing mounded growth; vibrant chartreuse foliage

Sweet Potato Vine, *Ipomoea 'Tricolor'* Ht: 4-8"; Width: 24-48"; full to part sun; trails up to 72 inches; foliage of green, white and pink edges

Tahitian Bridal Veil plant Ht: 8"; Width: vine form; part shade to shade; delicate white flowers over cascading foliage, small leaves dark green on top and pinkish on bottom, almost fine wire looking stem, very good in a pot or basket

***Tibouchina urvilleana* 'Rich Blue Sun'** Ht: 4-5 ft.; Width: vine; part sun; broad leaves shimmer, as they are covered in fine, velvety, silver hairs; horizontal ridges and distinctive veining give a 3-dimensional, puckery look

Succulents

Blue Chalk Fingers Ht: 18"; Width: 24"; full sun; An upward growing finger like succulent that has a blue tinge, very pretty in a container for its unusual texture and color

Mangave 'Praying Hands' Ht: 10-12";
Width: 8-10"; Full sun; succulent that looks
like an artichoke with dark green fleshy
"petals" purple/brown on the edge all pointing
upward; interesting growth habit, relatively
quick growing

***Sedum reflexum* 'Lemon Coral'** Ht: 4-8";
Width: 16-24"; full sun to almost full shade;
bright lime green spiky foliage; dense
creeping trailing ground cover

Silver Dollar (Jade Plant) Ht: up to 3 ft.; full
sun to light shade; rounded blue gray leaves
edged in maroon with small maroon speckles
on the leaves, well branched, sturdy stalks

**Pumpkin-on-a-Stick (Ornamental
Eggplant)** Ht: 36-48"; Width: 24-36"; full sun;
white or purple flowers produce small orange
fruit whose form resembles a pumpkin; plant
becomes a small bush and may need staking
as fruit can get very heavy, toxic to cats,
dogs, and horses

Novelty Annuals

Castor Bean Plant Red *Ricinus communis*
Ht: 6 ft.; Width: 2 ft.; full sun; dark red or red
tinged deeply incised leaves, large cluster of
dark red flowers and seed pods, note when
ingested all parts of the plant are poisonous

Easter Egg Plant (Ornamental Eggplant)
Ht: 12-15"; Width: 9-12"; full sun; has large
purple blooms that produce small white
eggplant which fade to pastel colors, the
eggs are about the size of an egg and last for
several weeks, wide green foliage protect the
"eggs" from sun

Sun Perennials

* Club Favorites

Agastache 'Blue Boa' Ht: 24" Width: 16"; full to part sun; deep violet clusters of flowers showy 5" flower spikes; long blooming; drought tolerant; loved by hummingbirds; **zone 5**

Allium 'Blue Eddy' Ht: 8-12"; Width: 8-12"; full sun to part sun; 1½" rounded clusters of light lilac pink flowers; blue-grey to grey-green foliage; long blooming; attracts pollinators; deer and rabbit resistant

Allium 'Bubble Bath' Ht: 26-28"; Width: 24-26"; full sun to part sun; soft lavender flower clusters are held on strong stems above a mound of glaucous blue green foliage; wide, linear leaves have a slight twist

Allium 'Millennium' Ht: 15-20"; Width: 10-15"; full sun to part shade; forms a compact, upright clump of glossy green leaves large 2" bright rosy purple flowers, strong stems; attracts pollinators; deer and rabbit resistant

Allium 'Pincushion' Ht: 14-16; Width: 12-14"; full sun to part sun; good for front of the border; narrow blue-green foliage; numerous clusters of lavender purple flower; seedheads remain after flowering; attracts pollinators; deer and rabbit resistant

Amsonia 'String Theory' Ht: 18-22"; Width: 34-34"; full sun to part sun; compact habit is covered with stocks of light periwinkle blue flowers in late spring; deer resistant; drought tolerant

Amsonia tabernaemontana 'Storm Cloud' Ht: 24-30"; Width: 38-42"; full to part sun; light periwinkle blue, star-shaped flowers completely cover the foliage in late spring, and rebloom for many weeks afterward; main interest of this plant is in spring; stems emerge near-black with leaves that are very dark green with silver veins; deer resistant

Anemone 'Wild Swan' Ht: 1-2 ft.; Width: 1-2 ft.; full sun to part sun; masses of 3-4" white flowers with blue bands on the reverse; exceptionally long flowering season; attracts bees and butterflies; does not spread

Aruncus (Goats Beard) 'Fairy Hair' Ht: 20-24"; Width: 20-24"; part sun to part shade; sprays of creamy, triangular flower plumes that age to a darker color; foliage is needle-like, with medium green leaves producing a thick, substantial clump; similar in appearance to Astilbe in the garden; deer and rabbit resistant; attracts pollinators

Aruncus (Goats Beard) 'Goatee' Ht: 24-26"; Width: 26-28"; full sun to full shade; clouds of dense cream flower panicles in early summer. dissected dark green leaves provide interest before and after bloom. This perennial tolerates a variety of light conditions, going full sun to full shade; deer resistant; attracts pollinators

Asclepias tuberosa 'Hello Yellow' Ht: 24"; Width: 24"; full sun; yellow blooms heavily laden with nectar and pollen, are particularly attractive to hummingbirds, Monarch butterflies, and bees, long stems are wonderful for cutting and are long-lasting; deer resistant

Aster, New England: Ht: 24-36" Width: 48"; full sun to part sun; upright clumping plant; blooms late summer into fall; lots of 1" daisy like flowers above dark green foliage

Aster 'Grape Crush' deep purple

Aster 'Pink Crush' rose pink

Baby's Breath, *Gypsophila paniculata*
'Festival Star' ('Danfestar') Ht: 12-18"; Width: 16-24"; full sun Red stems carry panicles of deep salmon red buds which open to soft apricot pink flowers in early summer. Deep red seed panicles extend the season of interest through summer.

Bellflowers, *Campanula* 'Dickinson's Gold' Ht: 3-6"; Width: 6-24"; full sun to part shade; unique bright green/gold foliage; loose clusters of lavender blue flowers; good for borders, rock gardens or as ground cover

Bellflowers, *Campanula glomerata* 'Freya' Ht: 18"; Width: 18"; sun to part sun; produces tall upright flower stems of blue/purple star shaped flowers; blooms early in summer; great as a filler in the garden

Bellflowers 'Telhan Beauty' (*Campanula*) Ht: 3 ft.; Width: 18"; Full sun to partial shade; periwinkle blue 1" to 2" bell shaped flowers on a spike, excellent cut flowers, looks good in the garden with other perennials or annuals, blooms June and July

Blackberry Lily Ht: 24-30"; Width: 10-24"; full sun; grows with iris like leaves. 2" orange flower with yellow spots, blooms mid to late summer

Bleeding Heart, *Dicentra* 'Pink Diamonds'* Ht: 16" Width: 18"; full to part sun; long bloom period; mounded form; blue/green fern like foliage with two tone pink flowers

Catmint, *Nepeta* 'Cat's Pajamas' Ht: 12-14" Width: 18-20"; full sun to part shade; blooms mid to late summer; blue indigo flowers on an erect stem; deer resistant

Catmint, *Nepeta* 'Chartreuse On The Loose' Ht: 10"; Width: 2 ft.; full to part sun; violet blooms above chartreuse foliage; looks good as a border plant all season; deer resistant; attract pollinators

Catmint, *Nepeta subsessilis* 'Prelude Blue' Ht: 36"; Width: 36"; full to part sun; very large blue/purple flowers on strong stems; makes a big impact; hummingbird magnet; good for pollinators; deer resistant

Catmint, *Nepeta subsessilis* 'Prelude Purple' Ht: 26-36"; Width: 24-30"; full to part sun; deep purple/blue flowers on a mounded plant; very long bloom period; attracts pollinators; deer resistant

Clematis 'Stand By Me Pink'; Ht: 24-36" Width 24-36"; full to part sun; blooms spring to early summer; mounding non-vining form of clematis; pink blooms whose petals turn back and green leaves that are bronze on the reverse; because it is non-vining it may need support

Cone Flower, *Echinacea* 'Canary Feathers' Ht: 18-20"; Width: 14-16"; full sun to part shade; single 5" sunny yellow flowers, good basal branching, compact; attracts pollinators; deer resistant

Cone Flower, *Echinacea* 'Delicious Candy'* Ht: 24"; Width: 14-16"; part to full sun; very showy fuchsia pink flowers with pom-pom center and a single ray of petals; deer resistant; attracts pollinators

Cone Flower, Echinacea 'Sombrero Salsa Red' Ht: 24-26"; Width: 16-22"; full sun to part shade; softly fragrant, spicy orange-red blossoms with an orange-brown cone. The petals overlap, giving the flowers a fuller, more polished look, very well-branched, sturdy plants that bulk up quickly; blooms early to late summer; attracts songbirds and pollinators; deer resistant

Cone Flower, Echinacea 'The Fuchsia Is Bright' Ht: 22"; Width: 16-18"; full sun to part shade; 4½" fuchsia pink flowers are made of overlapping, horizontally held petals for an exceptionally showy display; the dark cone and stems of the plant contrast with the brightness of the petals, attracts pollinators and song birds; deer resistant

Cone Flower, Echinacea x hybrida 'Sombrero Fiesta Orange' Ht: 18" Width: 24"; sun to part sun; masses of orange flowers with a coppery eye; well branched plant; long blooming; good in a mass planting; attracts pollinators, deer resistant

Cone Flower, Echinacea x hybrida 'Sombrero Tango Tangerine' Ht: 20"; Width: 22-24"; full sun; great orange color; very upright form; looks good in a mass planting; deer resistant; attracts pollinators

Delphinium 'Blue Buccaneers' Ht: 3-5ft.; Width: 1-2 ft.; full to part sun; dark electric blue flowers with a black bee on strong flower spires; wonderful for adding height to a garden; good cut flower; may need to be staked

Delphinium elatum 'New Millennium Blue Lace' Ht: 48-72"; sun to part sun; tall spires of densely packed blooms create a lacy look; periwinkle blue semi-double to double blooms with light lavender center; blooms early summer

Delphinium elatum 'New Millennium Double Innocence' Ht: 48-70"; Width: 23"; full to part sun; tall stately stems of double white flowers; deeply cut leaves form a nice mound, stems may require staking

Delphinium elatum 'New Millennium Pagan Purples' Ht: 4-6 ft.; Width: 24"; full to part sun; bold spires of very dark bluish purple with white or brown bees, very strong stems that do not require staking, good for adding height and drama to a garden, will bloom continuously if dead headed

Delphinium grandiflora 'Blue Butterfly' Ht: 16-30"; sun to part sun; dwarf variety with deep blue single blooms that resemble butterflies; lacy foliage; blooms most of the summer

Delphinium 'Pacific Giant Blue Bird' Ht: 4-6 ft.; Width: 24"; sun to part sun; densely packed single almost true blue flowers with white eyes, blooms for weeks in early to midsummer, great architectural presence, foliage forms a compact habit; wonderful in a cottage garden

Delphinium 'Red Lark' Ht: 2.5-3 ft.; Width: 1.5-3ft.; full sun to part shade; coral red flowers, excellent cut flower, good for adding a little height to the garden, should be staked

Dianthus 'Appleblossom Burst' Ht: 8-10"; Width: 16-20"; full to part sun; medium double blooms in light, medium, dark pink and red; in spring and early summer; good border plant

***Dianthus barbatus* 'Green Ball'** Ht: 10-24"; sun; green balls on sturdy stems cover the plant in summer; dark green foliage

***Dianthus* 'Edgehog'** Ht: 4"; Width: 8"; full sun, vibrant hot pink double flowers, variegated blue green foliage, fragrant; good foliage interest all summer

***Echinops bannaticus* 'Blue Glow'** Ht: 3-4 ft.; Width: 24"; full to part sun; robust upright with 1.5" perfectly round indigo blue ball flowers on graceful unbranched stems, flowers are not prickly; blooms early to late summer excellent cutting flower, good for back border of garden

Echinops ritro Ht: 4 ft.; Width: 16"; full to part sun; globes of blue/purple for late summer color; silvery foliage, excellent cutting flower

Foxglove 'Dalmatian Peach' Ht: 24-36"; Width: 12"; sun to part shade; beautiful bell shaped peachy colored flowers on tall stocks, color is most intense near the flower throat, does not need staking, all parts of this plant are poisonous including the seeds, hardy to zone 4 but may need winter cover

Foxglove 'Dalmatian Purple' Ht: 2-3 ft.; Width: 12-15"; full sun to part shade; large spikes of violet purple flowers with maroon spotted throats on sturdy upright stems, blooms late spring to early summer, all parts of this plant are poisonous including the seeds, hardy to zone 4 but may need winter cover

Geranium Bevan's Variety Ht: 12"; Width: 18"; sun to mostly shady; bright fragrant magenta-pink blooms with dense mounds of pine scented foliage, spreads, blooms late spring to mid-summer deer resistant, attracts pollinators

***Geranium* 'Boom Chocolatta'** Ht: 24"; Width: 28-30"; full to mostly sun; neon blue/purple flowers, rich chocolate bronze foliage, full sun gives a deeper color foliage, easy, trouble free, very tough plant

***Geum* 'Pretticoats Peach'** Ht: 10-12"; Width: 18"; full sun to part shade; ruffled yellow blossoms with pink and peach; compact habit, attracts pollinators, deer resistant

***Heliopsis* 'Sunstruck'** Ht: 14-16" Width: 12-14"; sun to part shade; well branched upright form; blooms late summer into fall; 2" golden yellow flowers on variegated cream and green foliage; very good in a container or as cut flowers

***Hemerocallis* 'Lake Of Fire'** Ht: 24"; Width: 24"; full sun to part shade; a 7" flower, apricot orange with a wide red eye and ruffled red edge, a stand out in the garden, midseason bloomer

***Hemerocallis* 'Persian Ruby'** Ht: 30"; Width: 18-24"; full sun to part shade; 8" flower that is very deep deep burgundy with a bright yellow eye, demands attention, midseason bloomer

***Heuchera* 'Forever Red'** Ht: 8-15"; Width: 10-15"; full sun to full shade; smoky burgundy red ruffled foliage, red stems with little creamy white flowers, excellent border plants

***Heuchera* 'Grande Amethyst'** Ht: 18"; Width: 24"; full sun to full shade; vilet purple large wavy leaf, good mounding, tiny pink flowers

***Heuchera* 'Paris'** Ht: 10"; Width: 14"; sun to shade; mottled green and silver leaf, very good mounding form, pink flowers, attracts pollinators

Heuchera 'Wildberry' Ht: 14"; Width: 12-14"; sun to shade; Large purple scalloped leaves, white flowers, foliage is a focus long after flowers fade, attracts pollinators

Hibiscus 'All Eyes On Me' Ht: 3.5 ft.; Width: 3.5 ft.; full sun to part shade; compact hibiscus, 8" flower of light pink with a deep red center, well rounded habitat of deep green leaves, overlapping petals give the impression of a double flower, emerges late in spring, attracts pollinators

Hibiscus 'Edge Of Night' Ht: 36"; Width: 48-52"; full to part sun; 7-8" bubblegum pink bloom with dark veining on almost jet black foliage, long blooming, late to emerge in spring, attracts pollinators, deer resistant

Hibiscus 'French Vanilla' Ht: 3.5-4ft.; Width: 3-4ft.; full to part sun; 7-8" creamy white bloom with a bright red center, retains creamy color and has a compact habit, red stems and deep green foliage, late to emerge in spring, attracts pollinators, deer resistant

Iris sibirica 'Purring Tiger' Ht: 18-20"; Width: 18-24; full sun to part shade; dusty lavender flowers above yellow petals with purple veining; compact plant; blooms in spring

Jacob's Ladder, Polemonium 'Stairway to Heaven' Ht: 12-18"; Width: 12-15"; full to partial sun; soft blue flowers above variegated green and cream foliage with a pink tinge, blooms in spring early summer, a good companion for hosta or heuchera

Larkspur Dark Blue Ht: 30-40"; Width: 12-15"; Full sun; 1-2" dark blue florets on 12" flower spikes, makes an excellent cut flower, good for drying, it should be noted that all parts of this plant are poisonous use caution with children and pets

Liatris spicata 'Kobold' Ht: 18-24"; Width: 12-14"; full sun; spikes of fluffy purple/pink flower spikes, blooms summer into fall, strong leafy foliage attracts pollinators

Lilium Asiatic Pot Lily Matrix Ht: 12-18"; Width: 15"; full sun to part shade; bright orange flowers are up facing not outward facing

Lobelia (cardinal flower) 'Black Truffle' Ht: 3-4 ft.; Width: 2-3 ft. full sun to half shade; deep purple black foliage with flower spikes of bright red blooms, use like an upright coleus in the garden

Lupinus polyphyllus 'Gallery Blue' Ht: 18-24"; Width: 15-20"; full sun; saturated indigo blue spires of sweet pea shaped blooms, spring flowering; palmate foliage, attracts pollinators

Lupinus polyphyllus 'Gallery Pink' Ht: 18-24"; Width: 15-20"; full to mostly sunny; rose pink and white spires of sweet pea shaped blooms, unusual color, spring flowering; palmate foliage, attracts pollinators

Lupinus regalis 'Morello Cherry' Ht: 36-48"; Width: 15-18"; sun to partial shade; stunning orange/pink spires of sweet pea shaped blooms, unusual color, stunning for its height, spring flowering; palmate foliage, attracts pollinators

Lychnis 'Maltese Cross' Ht: 24-36"; Width: 12-15"; full sun to partial shade; flame colored flower cluster on silvery green foliage, blooms early summer; short-lived perennial or biennial

Lychnis 'Rose Champion' Ht: 2-3 ft.; Width: 12"; full sun; deep magenta flowers on silver-woolly foliage, the flowers open one at a time on a branched stem giving it a longer bloom period, blooms early to late summer; short-lived perennial or biennial

Lysimachia 'Golden' (Creeping Jenny) full sun to part shade; blooms mid-summer into early fall; low growing creeping form; blooms with single bright yellow 1" flowers; good for baskets, rock gardens or ground cover

Malva sylvestris 'Zebrina' Ht: 24-48"; Width: 18-24"; full sun; bowl shaped soft pink 2" flowers with raspberry purple veins; tough perennial that blooms from early summer to fall

Meadow Rue, *Thalictrum aquilegifolium* 'Nimbus Pink' Ht: 28-36"; Width: 24-30"; sun to part sun; lacy delicate foliage topped with frothy mauve pink flowers on fleshy stems, attracts bees; **zone 5a**

Monarda (Bee Balm) 'Bee-You Bee-Merry' Ht: 12-15"; Width: 10-12"; full to part sun; deep magenta flowers on minty basil scented leaves, uniform habit, mildew free, attracts bees and butterflies

Monarda (Bee Balm) 'Bee-You Bee-Pretty' Ht: 12-15"; Width: 10-12"; full to part sun; purple/blue flowers on strong stems, long blooming, disease resistant, mildew resistant, attracts bees and butterflies

Monarda (Bee Balm) 'Bee-You Bee-True' Ht: 12-15; Width: 10-12"; sun to part shade; deep violet/magenta flowers, good foliage, long blooming, mildew resistant, attracts bees

Monarda (Bee Balm) 'Electric Neon Coral' Ht: 20-22"; Width: 18-20"; full sun to part shade; Large 3" coral/pink flowers, good foliage, excellent resistance to mildew, attracts bees

Monarda (Bee Balm) 'Electric Neon Pink' Ht: 20-22"; Width: 18-20"; full sun to part shade; very vivid shocking pink 3" flowers on upright stems, very mildew resistant, attracts bees, butterflies and hummingbirds

Monarda (Bee Balm) 'Red Velvet' Ht: 30"; Width: 30"; full to part sun; large cherry red flowers, foliage has a bronze cast, well branched stems support a second flush of flowers, fills in a space nicely, attracts pollinators, deer resistant

Monarda (Bee Balm) 'Rockin' Raspberry' Ht: 20"; Width: 20"; full sun to part shade; long bloom time of 2.5" deep raspberry flowers, well branched plant, dark green foliage, average resistance to mildew, attracts pollinators

Penstemon barbatus 'Rondo' Ht: 16"; Width: 16"; sun; an array of pink, purple or lavender flower spikes, narrow leaves, blooms summer into fall, attracts hummingbirds

Penstemon 'Blackbeard' Ht: 28-34"; Width: 24"; full sun; dark purple stems hold purple flower spires, deep eggplant colored leaves; attracts pollinators

Phlox divaricata 'Blue Moon' Ht: 12"; Width: 16"; mostly sunny to part shade; flower heads of lilac blue flowers, a New England Wildflower Society introduction

Phlox paniculata 'Jeana'* Ht: 2-3 ft.; Width: 2-3 ft.; full sun to part shade; upright mounded plant with pink, purple and white in a densely packed in a domed flower cluster, resistant o powdery mildew, attracts pollinators

Phlox paniculata 'Sunset Coral' Ht: 30-32"; Width: 30-32"; full sun to part shade; gorgeous very bright coral blooms, resistant to mildew, really lights up a garden, attracts pollinators

Russian Sage, Perovskia 'Blue Jean Baby' Ht: 2-3 ft.; Width: 3 ft.; full sun; a more compact variety with upright stems that resist flopping, blooms midsummer with stalks of lavender blooms, loves hot, very sunny, dry locations, attracts pollinators, very deer resistant

Salvia nemorosa 'Caradonna' Ht: 24-30"; Width: 12-18"; full sun; violet blue flowers with very dark purplish black stems; stands straight and tall in the garden; great in bouquets; blooms June-July; reblooms with deadheading; attracts hummingbirds, bees, and butterflies; drought resistant; deer resistant

Salvia nemorosa 'Pink Profusion' Ht: 14-16"; Width: 16-20"; full sun; tall stocks of pink/purple flowers, an excellent rebloomer - just cut back old stocks, blooms late spring into summer, attracts pollinators, deer resistant

Scabiosa 'Pink Mist' Ht: 15"; Width: 16"; full sun to part shade; soft pastel pink flowers resembling a pincushion, very long flowering, compact ferny foliage, attracts pollinators

Sea Holly, Eryngium planum 'Blue Glitter' Ht: 36-40"; Width: 18-24"; full sun; blooms midsummer with tall stems branching of spiny glistening blue flowers; thrives in hot dry conditions

Sedum 'After Dark' Ht: 18-20"; Width: 24-28"; full sun; tall upright clump with dark purple almost black foliage, black buds open to dark red flower clusters, blooms late summer into fall, attracts bees

Sedum 'Lemon Ball' Ht: 6"; Width: 9-12"; full sun; vigorous mounds of spiky chartreuse foliage stays dense and bright all summer, good in a pot for textural interest or in the ground as a border, **zone 5**

Sedum 'Midnight Velvet' Ht: 22-26"; Width: 30-32"; full sun; blooms are shades of pink, foliage is shades of purple to near black, domed habit adds late summer interest, birds love the seeds in winter

Sedum 'Sunsparkler Lime Twister' Ht: 6-10" Width: 12-18"; full sun; blooms late summer to fall; mounded form; drought resistant; soft pink flower clusters just above fleshy lime green foliage; good for borders

Shasta Daisy Leucanthemum 'Seventh Heaven' Ht: 20-22"; Width: 22-24"; full sun; lemon yellow buds open to large 4" wide creamy white flowers with three rows of petals, lateral branching produces a second flush of flowers that extends time in color

Shasta Daisy Leucanthemum x superbum 'Becky'* Ht: 36-42; Width: 18-24"; full sun; very sturdy, hardy cultivar, copious amounts of very large, 3" single, white blooms are produced atop strong stems which are ideal for cutting, despite its height, this variety does not usually require staking

Sisyrinchium 'Lucerne' (blue-eyed grass)* Ht: 10"; Width: 15"; full to part sun; sky dark green grass like foliage with bright purplish blue star like flowers, bloom heaviest in late spring and sporadically after that; good small accent plant, a member of the iris family

Stachys monieri 'Hummelo' Ht: 18-24"; Width: 12"; full to part sun; perennial of the year 2019, rose lavender spikes on dark green foliage, blooms all summer, bees are very attracted to it, deer resistant

Star of Bethlehem Ht: 4-6"; Width: 2-3"; full to part sun; flowering perennial bulb, small white flowers in spring with grassy green foliage, spreads easily and can be invasive, all parts of the plant are poisonous to people and animals

Shade Perennials

Aralia cordata* 'Sun King' Ht: 3 ft.; Width: 3 ft.; shade with some sun; bright golden/chartreuse leaves on contrasting reddish brown stems; has tiny flowers that attract bees

***Astilbe* 'Dark Side Of The Moon'** Ht: 22"; Width: 24"; sun to shade; rich deep chocolate burgundy/brown leaves, very attractive mounded foliage, raspberry buds open into rosy purple flowers, attracts bees and resists rabbits and deer resistant

***Astilbe* 'Delft Lace' (Pink)** Ht: 24-36"; Ht: 24"; part shade to shade; red stems carry panicles of deep salmon red buds which open to soft apricot pink flowers in early summer, deep red seed panicles extend the season of interest through summer, deer resistant

***Bergenia* 'Once Upon A Dream'** Ht: 10-12; Width: 22-26"; part shade to part sun; tall flower scapes of carmine pink flowers, dark red stems with deep green leaves, foliage contains a mixture of bronze and burgundy highlights

Bleeding Heart (Old Fashioned), *Dicentra spectabilis* Ht: 30-36"; Width: 30-36"; part to full shade; old-fashioned Bleeding Hearts form large, bushy clumps of powdery-green foliage comprised of cut or lobed leaves on fleshy stems; late spring, chains of puffy heart-shaped flowers with rose-pink petals and white tips dangle beneath the arching, leafless stems, deer resistant; attracts hummingbirds and bees

***Brunnera* 'Alexander's Great'** Ht: 12-18"; Width: 24-30"; part to full shade; beautiful heart shaped leaves that are silver with green veins; delicate blue flowers; a wonderful different addition to a shade garden

***Brunnera* 'Sea Heart'** Ht: 6-12"; Width: 18"; part shade; exquisite green veining on frosted leaves; sprays of dainty pink flowers; stands up well to heat and humidity

***Epimedium* 'Domino'** Ht: 24"; Width: 20"; part to full shade; delicate looking flowers have an airy feel, perfect contrast to other shade items, evergreen leaves are mottled green with dark burgundy, blooms mid to late spring; deer resistant

***Epimedium* 'Songbirds'** Ht: 16-18"; Width: 24-30"; part to full shade; golden yellow flowers have small rose sepals, although at a glance they appear yellow, deep green lance-shaped leaves have some sporadic spotting, blooms blooms mid to later summer, deer resistant

***Fern Athyrium* 'Ghost'** Ht: 24-36"; Width: 18-24"; part to full shade; selection sports stunning frosted apple green fronds that seem to emit a ghostly white light in the shade, dark purple stems hold the broad fronds rigidly upright

***Fern Athyrium* (Giant Japanese Painted Fern) 'Godzilla'** Ht: 31"; Width: 4-6 ft.' part to full shade; forms a massive, arching clump of silvery fronds with green highlights and dark purple stems, low maintenance filler in a shade garden

***Hakonechloa macra* 'Aureola' (grass)** Ht: 1-2ft.; Spread: 2-3 ft.; part to full shade; variegated but nearly all yellow, the leaf blades have narrow green stripes, cascading habit in which most of the leaves arch in the same direction, will cascade down slopes, will spread slowly

Helleborus* 'Frost Kiss Penny's Pink' Ht: 18-24"; Width: 18-24"; part to full shade; pale pink blossoms; beautiful foliage with veining that can be fuchsia toned in spring and turn green later, early spring blooms

***Heuchera* 'Lemon Love'** Ht: 10-14; Width: 14-32"; part to full shade; ruffled chartreuse leaf, color gets more lime in deeper shade, tiny green flowers, great color in a shade garden

***Heuchera* 'Southern Comfort'** Ht: 14"; Width: 18"; half sun to full shade; extra large cinnamon pink leaves that mature to copper in fall, great showy color

***Heucherella* 'Copper King'** Ht: 10-12"; Width: 10-24"; part to full shade; bright orange leaves with red centers and yellow edging; a wonderful addition to a shade garden

***Heucherella* 'Eye Spy'** Ht: 8-10"; Width: 16-20"; part to full shade; deeply dissected leaves with maroon center and veining, lots of pink blooms, extremely showy

***Heucherella* 'Gold Zebra'** Ht: 8"; Width: 12-15"; part sun to full shade; dramatic foliage of bright yellow with dark red center is very eye catching, tall white wands of flowers, good for borders in a shade garden, attracts pollinators

***Lilium martagon* 'Claude Shride'** Ht: 48-72"; part shade to shade; numerous flowers suspended from a tall center stem; dark rose-colored reflexed petals with some center speckles

***Lilium martagon* 'Manitoba Morning'** Ht: 36-48"; part shade to shade; rose colored flowers with cream and yellow centers and tiny speckles; reflexed thick petals; flowers sit arranged on a center stem

Maiden Hair Fern, *Adiantum pedatum*:
Five Fingered Maiden-Haired Fern; Ht: 18"; shade to part shade; MN native; forms clumps of graceful arching foliage with delicate segments on wiry stems; deciduous foliage; likes moist shade

***Pulmonaria* (Lungwort) 'Shrimps on the Barbie'** Ht: 10; Width: 18-24"; part shade to shade; dark green leaves with white spots, bright pink flowers, spread slowly and can make a ground cover

***Pulmonaria* (Lungwort) 'Trevi Fountains'** Ht: 10-12"; Width: 12-24"; part shade to shade; clusters of large cobalt blue flowers, attractive silver spotted long leaves, will rebloom if cut back after first bloom, resists mildew

Rodgersia aesculifolia Ht: 36-48"; part sun to shade; large clumps of cream to pink long-lasting blooms above textured leaves that turn red and bronze in the fall; reddish fruits follow as flowers fade

Solomon's Seal, *Polygonatum japonica variegatum* Ht: 2-3 ft.; Width: 1-3 ft.; partial shade; elegant arching plant with small white flowers attached directly to the stem, small black berries after flower fades, will spread slowly; very good in a shade garden for height interest, toxic to people and pets

Tiarella 'Pink Skyrocket' Ht: 6-12"; Width: 10-12"; shade to part shade; clump forming mound of deeply lobed leaves marked with dark purple veining, foliage turns darker in more shade, in late spring conical wands of shrimp pink flowers appear

Yellow wax-bells, *Kirengeshoma palmata*
Ht: 18-24"; Width: 36"; shade; large shade loving shrub like habit, leaves can be 8" across, small yellow flowers in late summer, deer resistant

Hostas

* Club Favorites

H. 'Abiqua Drinking Gourd' Large 22" H x 46" W; large "blue" with very round and seersuckered leaves that are deeply cupped, probably the most deeply cupped of any hosta; great substance; American Hosta Growers Association Hosta of the Year for 2014

H. 'Autumn Frost' (NEW) 20" H x 28" W, it is a tissue culture sport of H. 'First Frost' The leaves have a glaucous bloom on both the top and bottom. They are flat, broadly ovate with a cordate base. The flowers are tubular and bloom from mid-July into August. Proven Winners National Hosta of the Year for 2019.

H. 'Blue Mouse Ears' * 8" H x 19" W, this was the first introduction of the 'mouse ears'. Wonderful blue with very thick round leaves that form a tight mound. Leaves resemble a mouse ear. One of the best Hostas and a great blue that forms an eye-catching little mound with lavender flowers midseason. AHS Popularity for Mini hostas made the list 16 times. American Hosta Growers Association Hosta of the Year for 2008.

H. 'Curly Fries' * 11" H x 20" W, extremely rippled narrow leaves emerge yellow and slowly turn to near-white. American Hosta Growers Association Hosta of the Year for 2016.

H. 'Dancing with Dragons' (NEW) 18" H x 43" W, beautiful blue positively dances when you look at it. Heart-shaped leaves have margins that are heavily rippled and gives an overall wavy appearance. As an added bonus, this hosta holds its beautiful blue color throughout the season. Near white flowers top the habit in late summer.

H. 'Drop Dead Gorgeous' (NEW) 30" H x 86" W, a beautifully variegated large majestic hosta. Large, ovate leaves have green centers with brightly contrasting yellow margins. The margins are heavily rippled and give the leaves a lightly wavy overall effect. White flowers appear above the foliage in midsummer. A showy specimen for the shade!

H. 'Echo the Sun' (NEW) 19" H x 44" W, is a bright yellow hosta with nicely rippled margins; comparable to a gold version of the blue H. 'Diamond Lake'. The low, mounded habit is more prostrate than H. 'Diamond Lake' but shares a similar wedge-shaped leaf of thick substance. Lavender flowers appear in midsummer. Proven Winners.

H. 'Etched Glass' (NEW) 18" H x 36" W, this sport of 'Stained Glass' has wider margins and thicker leaves than the parent. Very wide, dark green margins contrast with a bright, brilliant yellow margin. Between the margin and the centers is a light green pattern. Margins have puckering when the plant is mature. Very large and fragrant, near-white flowers appear in late summer. Proven Winners.

H. 'Hudson Bay' (NEW) 22" H x 30" W, a tissue culture sport of H. 'Eskimo Pie'. It is a medium size plant similar to the mother plant but has much narrower creamy white medial (center) variegation in its dark green leaves. The foliage is moderately corrugated, slightly wavy, broadly ovate and has a glaucous bloom on top. Near white, tubular flowers bloom from June into July. Proven Winners National Hosta of the Year for 2024.

H. 'Island Breeze' * 12" H x 18" W, variegated, wide green margin and bright yellow center with red petioles. American Hosta Growers Association Hosta of the Year for 2022.

H. 'Maui Buttercup', 10" H x 24" W, one of the very best small, yellow hostas, bright gold, 5" rounded leaves are deeply cupped and corrugated. They are of heavy substance and demonstrate good slug resistance. Near white flowers appear on 18" scapes in midsummer.

H. 'Mini Skirt' * 6" H x 14" W, very wavy, thick, blue-green leaves with creamy white border. Makes a dense mound that stands out. American Hosta Society Popularity for Mini hostas made the list 5 times. American Hosta Growers Association Hosta of the Year for 2024.

H. 'Miss America' (NEW), 19" H x 55" W, a majestic, variegated large hosta that will capture the hearts of any gardener who showcases it in their garden. Medium green, heart-shaped leaves have white centers and light green intermediate streaking between the center and margin. The contrast between the margin and the center is dramatic and refined. Near white, tubular flowers have a lavender pattern in the center of the petals are borne on thick, upright, tall stems. Proven Winners National Hosta of the Year for 2025.

H. 'Party Streamers' (NEW) 12" H x 31" W, narrow, wiggly yellow leaves with rippled edges. An arching mount that grows quickly

H. 'Praying Hands' * 16"H x 30"W, unique elongated dark green leaves have a waxy sheen and a very thin yellow rippled border.

H. 'School Mouse' Mini 6" H x 14" W; wavy leaves have blue-green to green center and creamy yellow margin

H. 'Seasons in the Sun' (NEW) 28" H x 50" W, very bright yellow Hosta with a relatively upright habit. Flat leaves have a gentle wave along the margins and deeply impressed veins. Near white bell-shaped flowers are held on proportionate scapes

H. 'Silly String' (NEW) 14" H x 28" W, narrow blue leaves with intensely wavy margins.

H. 'Silver Bullet' (NEW) 11" H x 24" W, like a larger 'Blue Mouse Ears', 'Silver Bullet' creates a densely packed clump of very thick blue leaves. Rounded blue leaves that often lay on top of one another. The thick foliage provides great slug resistance. Near white flowers are held just above the foliage.

H. 'Sun Mouse', 6" H x 18" W, a gold version of 'Blue Mouse Ears' cute as a plant can be, 'Sun Mouse Hosta' features mouse ear shaped brilliant yellow leaves. Its thick, wavy foliage.

H. 'Tears in Heaven' (NEW) 15" H x 15" W, upright habit that's unique from another blue hosta. Ruffled, wedge-shaped leaves have an intense blue color.

H. 'Terms of Endearment' (NEW) 29" H x 66" W, is a Hans Hansen hybrid between a streaked sport of sieboldiana 'Elegans' and the giant 'Empress Wu'. The result is the look we love...round, blue-green leaves edged in yellow. Foliage has good substance and develops light puckering as the plant matures. It blooms in early summer with fertile, white flowers held just above the leaves.

H. 'Time in a Bottle' (NEW) 12" H x 36" W, narrow yellow leaves that are moderately wavy; a great choice for providing texture contrast in a shade garden. Throughout the summer, the yellow leaves become more chartreuse. Deep purple flowers contrast with its foliage when it blooms in late summer.

H. 'Touch of Class' (NEW) 16" H x 24" W, a sport of H. 'June', intense blue leaves are set off by the striking chartreuse to yellow center and green jetting between the center and the margin. Leaves are of exceptionally heavy substance and are held more upright than H. 'June'. Lavender flowers appear on 22" scapes in midsummer

H. 'Twin Cities' (NEW) 32" H x 60" W, thick, blue-green leaves with wide, 2" chartreuse margins that mature to gold and produce an upright, spreading clump

H. 'Voices in the Wind' (NEW) 17" H x 46" W, beautiful variegated hosta will catch your eye with its sophisticated beauty. Blue-green wedge-shaped leaves have very ruffled, creamy yellow margins. Pale lavender flowers appear in mid to late summer. Proven Winners National Hosta of the Year for 2023.

H. 'Vulcan' (NEW) 22" H x 30" W, a vigorous, white-centered sport of 'Captain Kirk'. We are very impressed with its excellent growth rate and light-colored center that does not melt out. Contrasting dark green margins and lighter yellow coloring jet towards the white center of each broad, heart-shaped leaf. White scapes carry the light lavender flowers just above the foliage in mid to late summer.

H. 'Wiggle and Squiggles' 8" H x 24" W, bright yellow leaves are very long and thin and notable for their incredibly wavy margins. It forms a low, wide habit that really highlights the "wiggly" edges.

H. 'Wild Imagination' (NEW) 22" H x 50" W, this wild looking blue Hosta creates a sizeable mound of narrow twisted and ruffled leaves. Exceptionally large plant for a strap-leaf Hosta. Compared with recent new introduction 'Silly String', this plant is more than twice the size. Lavender flowers.

Native Plants

* Club Favorites

Aster, Aromatic, *Aster oblongifolius*: Ht: 1-2'; full sun with dry/average soil; violet blooms last throughout fall

Aster, New England*, *Aster novae-angliae*: Ht: 2-5'; sun to shade; purple blooms attract bees and butterflies August through October

Bellwort, *Uvularia grandiflora*: ^(NEW) Ht: 12"; shade; drooping, yellow flowers April to May; delicate woodland flower

Blanket Flower, *Gaillardia aristata*: Ht: 25"; in the sunflower family; yellow blooms with red eyes June through September

Blazing Star, Meadow, *Liatrix ligulistylis*: Ht: 3-5'; full to part sun; purple spires attracts monarchs and other butterflies

Blazing Star, Prairie, *Liatrix pycnostachya*: Ht: 2-4'; full to part sun; likes moisture; purple spires make an excellent cut flower

Cardinal Flower, *Lobelia cardinalis*: Ht: 2-5'; full to part sun; clusters of red flowers provide nectar for hummingbirds and attract swallowtails

Celandine Poppy, *Stylophorum diphyllum*: Ht: 1'; sun to shade; a yellow woodland plant at home in dry or wet soil

Coreopsis, Sand, *Coreopsis lanceolata*: Ht: 2-3'; full sun; normal to dry soil; brilliant yellow blooms May through August

Culver's Root, *Veronicastrum virginicum*: Ht: 3-6'; sun; graceful, upright white plumes attract pollinators in summer

Fern – Lady Fern, *Athyrium-filix femina*: Ht: 12-24"; full sun to full shade; large, feathery fronds; often found in woodlands

Fern – Maidenhair Fern, *Adiantum pedatum*: Ht: 12-30"; part to heavy shade; deer resistant; small lacey fronds

Great Blue Lobelia, *Lobelia siphilitica*: Ht: 1-4'; sun to part sun; moist soil; spikes of large blue flowers bloom July to October

Hoary Vervain, *Verbena stricta*: Ht: 2-3'; sun; dry soil; tall spikes of blue-purple flowers attract pollinators all summer

Jacob's Ladder, *Polemonium reptans*: Ht: 8-24"; grows best in shade; blue bloom appears April through June

Milkweed – Butterfly Weed, * *Asclepias tuberosa*: Ht: 2-3'; sun; dry soil; clusters of bright orange blooms in summer attract pollinators

Milkweed – Swamp Milkweed, *Asclepias incarnata*: Ht: 3-5'; sun; likes moisture; deer resistant with clusters of purple blooms in summer

Monarda – Spotted Bee Balm, * *Monarda punctata*: Ht: 2'; sun; complex blossoms of pinkish-purple, green, beige and maroon all summer

Monarda – Wild Bergamot, *Monarda fistulosa*: Ht: 2-4'; sun to part sun; July-September; showy violet clusters and aromatic foliage

Pasque Flower, *Anemone patens wolfgangiana*: Ht: 10-12"; sun; mounds of delicate violet flowers in early spring

Pearly Everlasting, *Anaphalis margaritacea*: Ht: 2'; sun to part sun; clusters of small white flowers June-September; can be dried

Prairie Smoke, *Geum triflorum*: Ht: 6-13"; April-June; an early bloomer with a distinctive gauzy look

Prickly Pear, Eastern, *Opuntia humifusa*: Ht: 4-6"; sun to part sun; native Minnesota cactus; yellow blooms attract bees

Purple Coneflower, * *Echinacea purpurea*: Ht: 36"; sun; early summer to fall; large, drooping raspberry petals attract butterflies

Purple Prairie Clover, *Dalea purpurea*: Ht: 1-3'; July- September; likes sun and well-drained soil; topped with distinctive purple spikes

Queen of the Prairie, *Filipendula rubra*: ^(NEW) Ht: 4-5'; sun; showy pink plumes June-July; prefers moist conditions; semi-aggressive in rich soil

Rough Liatris, *Liatris aspera*: ^(NEW) Ht: 2-3'; sun; shorter liatris with lavender blooms in late summer; pollinator magnet that is drought resistant

Rattlesnake Master, *Eryngium yuccifolium*: Ht: 3-5'; sun; fascinating bristly white flowers; resembles yucca

Royal Catchfly, *Silene regia*: Ht: 24-40"; sun to part sun; delicate bright red flowers attract hummingbirds and swallowtail butterflies

Rudbeckia – Black-eyed Susan, *Rudbeckia hirta*: Ht: 1-3'; sun; popular reseeding annual with bright yellow petals and a hairy stem

Rudbeckia – Orange Coneflower, *Rudbeckia fulgida*: Ht: 1-3'; perennial that also reseeds; yellow-orange flowers July through September

Turtlehead, *Chelone glabra*: Ht: 3-4'; likes sun and moist soil; tall and elegant with unusual white flowers

Virginia Bluebells, * *Mertensia virginica*: Ht: 1-2'; blooms April to May; sun/shade; sky-blue flowers are a favorite of female bumblebees

Wild Blue Phlox, * *Phlox divaricata*: Ht: 6-24"; good in part to deep shade; wet to dry soil; blue to lavender blooms April to June

Wild Geranium, (Cranesbill), *Geranium maculatum*: Ht: 1-2'; sun to shade; April-July; mounding plant with lavender flowers; spreads easily and attracts pollinators

Wild Ginger, *Asarum canadense*: Ht: 6"; good ground cover for shade; dark green, heart-shaped leaves

Wild Lupine, *Lupinus perennis*: Ht: 1-2'; spires of blue flowers look best spring to early summer; likes sandy; dry soil

Wild Petunia, *Ruellia humilis*: Ht: 6-24"; sun with normal to dry soil; lavender blooms are a favorite of hummingbirds June to August

Wild White Indigo, *Baptisia alba*: Ht: 3-4'; sturdy, fast-growing and shrub like; pea-sized white flowers attract bees May to June

Grasses and Sedge

Common Oak Sedge, *Carex pensylvanica*: Ht: 8"; sun/shade; tolerates dry soil; forms clumps of fine-textured, arching green leaves

Curly-Styled Wood Sedge, *Carex rosea*: ^(NEW) Ht: 8-12"; shade to partial shade; delicate clumps of foliage with small starry seedheads; thrives in dry shade

Little Bluestem, *Andropogon scoparius*:

Ht: 2-3'; full to part sun; warm-season, drought-tolerant grass; forms mounds of silvery blue stems

Prairie Dropseed, *Sporobolus*

heterolepis: Ht: 2-4'; extremely heat- and drought-tolerant grass; golden in fall and winter

Side Oats Grama, *Bouteloua*

curtipendula: Ht: 2-3', sun; native grass distinctive because of its tiny white flowers

Shrub**New Jersey Tea, *Ceanothus***

americanus: **(NEW)** Ht: 2-3'; full to part sun; white flowers in mid-summer on a compact, mounded shrub; host for the Spring Azure moth; needs well-drained site
